Here it is, we were asked to do this because the AA for Enforcement was testifying at some hearing Booker was going to be at. It was not prepared for the RA/Comish meeting.

For whatever reason Simon was involved. I'll respond to him.

Thanks

Lisa,

Per our conversation, attached is a fact sheet on NJ lead in school drinking water that we were asked to provide as part of the exercise to prepare Cynthia Giles. We were asked by Carol King of OECA to provide this information. We will tell her that we are sending this information through our Public Affairs office so that we have one Regional response. This topic and the NJ CSO topic are the only two items DECA will be submitting for this exercise. Please let me know if you have any questions.

Thanks!
Caroline

Subject: RE: Lead in water text

Here is a fact sheet that answers the other questions we got from OECA staff by updating a fact sheet I worked on with Lisa P for the Administrator back in March.

Unless you tell us otherwise we will not send this directly to OECA and just tell them that we have given to our RA's office and PAD for one regional response.

Thanks Doug

Thanks. I called Lisa Plevin and let her know that we will also be sending this in, in addition to the CSO item. She said good, and to just let her know who the person in HQs was that requested this info, so that she makes sure all parties are kept in the loop

Nicole,

Carol King would like us to put something together about what Region 2 is doing in New Jersey with respect to the LCR, including the 3Ts. OECA's AA is testifying before a Senate next week and Cory Booker from NJ is a subcommittee member. So there may be questions about Newark and other systems in the press recently about lead in drinking water concerns. I can put together some points regarding testing in Camden, Bayonne, and after today's call, Newark, but please share with me any additional bullets so that I can share with her and know for the workgroup call if they ask. She said it doesn't have to be high level, any updates.

Thanks,
Evangelia
